## EXPERIENCE

Senior UX Content Strategist, Partner Marketing | Clearlink (Remote)

Mar 2022 - Present

- Analyzed AI/SGE and search behavior to identify high-value content gaps (FAQs, "how it works," vertical modules). Rolled reusable structure across 6 partner sites in Q1-Q2 2024, increasing organic traffic 21% and achieving 41% SGE citation rate across ~120 pages.
- Worked with product/CMS teams to build an offer management system in Contentful with expiration logic and centralized control, reducing manual offer edits by ~50% (from 10 to 5 hours/week) and setup time from 30+ minutes to ~5 minutes.
- Led content strategy for cross-functional initiatives with 12-person squads and 20+ stakeholders across content, SEO, paid media, legal, and partner success teams.
- Planned and shipped page structures for highly constrained partner sites (Brightspeed, Frontier, DISH/DIRECTV) that balanced partner rules with UX.
- Ran recurring content audits to keep naming consistent, remove outdated promos, and maintain partner/legal compliance.
- Documented patterns and usage rules in Figma/briefs so SEO, paid, and social could publish without breaking UX.
